Dear Mr. Broussard:

Attached is the St. Mary Soil and Water Conservation District Audit Report for the year ending June 30, 2006. Please be advised that during the recent audit, the state auditor found the following finding.

1. Capital Assets Net Depreciation: The department's audit revealed that the district is not in compliance with Governmental Accounting Standards Board Statement No. 34 with respect to reporting of capital assets. The balance sheet did not include the capital assets (land, buildings and equipment) net of depreciation. Statement 34 with respect to reporting of capital assets has not been applied to the district in the past, but will be applied starting with the next fiscal year.

To assist your district to eliminate this noncompliance the department will conduct area workshops to train district personnel on the proper preparation of depreciation schedules and preparation of the financial statements during the next fiscal year and prior to any audit of your district.

If we can assist your board in meeting it's administrative and program responsibilities, including resolving the finding identified in this audit, please let us know.

Sincerely,

Bradley E. Spicer
Executive Director

RE: AUDIT REPORT FOR FISCAL YEAR ENDING JUNE 30, 2006

Dear Board of Supervisors:

The audit and evaluation section of the Louisiana Department of Agriculture and Forestry (department) has conducted an audit of your district, including the district's accounts receipts and disbursements for the fiscal year stated above. The purpose of the audit is to fulfill the statutory duty of both the State Soil and Water Conservation Committee and the department, as required by the committee and this department. The department believes that the audit provides a reasonable basis for this report. This report and the attached audit shall be filed with the legislative auditor as required by La. R. S. 3:1204 (C) (3).

This department, therefore, is reasonably assured that the operation of the district and the conduct of its affairs are in substantial compliance with applicable law, regulations, and policies and that the assets of the district are controlled and safeguarded, except as provided herein.

The department's audit revealed that the district is not in compliance with Governmental Accounting Standards Statement No. 34 with respect to reporting of capital assets. The balance sheet did not include the capital assets (land, buildings, and equipment) net of depreciation. Therefore the district statements are not in conformity with said Generally Accepted Accounting Principles (GAAP).

LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION

Disclaimer: The audit of the district was conducted by a public employee, who is not a certified public employee accountant, in the performance of that person's duties as a public employee, prepared this report. The audit and this report are designed to be used for Louisiana state government purposes only. Accordingly, the audit and this report are not designed for those who are not informed about such matters.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Mark A. Tillman', with a stylized flourish at the end.

LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION

REPORT NO. 06-18-38
ST. MARY SOIL AND WATER CONSERVATION DISTRICT
FRANKLIN, LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Louisiana Legislature created the St. Mary Soil and Water Conservation District. The District primarily assists farmers and other land users in the wise use of their lands and the prevention of erosion of farm and urban land and the pollution of waters in the state. The governing board of supervisors administers the operations and responsibilities of the District in accordance with Louisiana Statutes. The board is comprised of five members.

In April 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. In November, 1984, the GASB issued a codification of governmental accounting and financial reporting standards. This codification and subsequent pronouncements are recognized as generally accepted accounting principles for state and local governments.

The financial statements of the St. Mary Soil and Water Conservation District are prepared in accordance with the standards established by the GASB. GASB Codification Section 2100 established criteria for determining the governmental reporting entity to be the St. Mary Soil and Water Conservation District. The accompanying statements present information only as to the transactions of the District.

A. FUND ACCOUNTING

The financial statements of the St. Mary Soil and Water Conservation District

LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION

REPORT NO. 06-18-38

are presented as if the accounts were organized on the basis of funds and account groups, each of which would be considered a separate accounting entity. Since the District has financial resources, which are required to be accounted for in other funds, a general fund and a special revenue fund were both employed.

During the fiscal year ending June 30, 2006, the St. Mary Soil and Water Conservation District receives funds it considers Special Revenue Funds and the financial records have been prepared accordingly.

B. FIXED ASSETS

Fixed assets used in the governmental fund type operations are accounted for in the General Fixed Assets account group, rather than the Governmental Fund. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost.

This account group is not a "fund." It is concerned with the measurement of financial position, not with measurement of operations.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The records are maintained on a cash basis and the accompanying financial statements have been converted to a modified accrual basis of accounting using the following practices:

(1) Revenue

State Funds are recorded when the District is entitled to the funds.

Newsletter sponsors and equipment rental are recorded in the year earned.

Interest income on time deposits is recorded when the deposits have matured and the income is available.

**LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION**

REPORT NO. 06-18-38

Rents and royalties are recorded in the year earned.

Subsequently all other revenues are recorded when received.

(2) Expenditures

Expenditures were recognized in the accounting period in which the liabilities are both measurable and incurred.

D. BUDGETARY PRACTICES

A budget was submitted to the Office of Soil and Water Conservation, Louisiana Department of Agriculture and Forestry. State Funding for the year was based upon the allocation procedures established in the program rules and regulations.

E. ANNUAL AND SICK LEAVE

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. Unused annual and sick leave accumulates without limit. The number of hours of unused annual leave for which an employee may receive a lump sum payment upon termination from District employment may not exceed 300 hours.

At June 30, 2006 (fiscal close), the St. Mary Soil and Water Conservation District had accumulated and vested \$3,354.00, in leave privileges, required to be accrued under SFAS 43. Current year expenditures for salary and leave privileges total \$26,991.84.

**F. PENSION PLAN
SOCIAL SECURITY BENEFITS**

Substantially all employees of the St. Mary Soil and Water Conservation District

**LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION**

REPORT NO. 06-18-38

are members of the Social Security System. The Employee contribution was 7.65% of gross salary from July 1, 2005, through June 30, 2006. The District contributed an additional 7.65% of gross salary from July 1, 2005, through June 30, 2006. The District does not guarantee the benefits granted by the Social Security System.

PAROCHIAL EMPLOYEES' RETIREMENT SYSTEM

Employees of the St. Mary Soil and Water Conservation District are members of the Parochial Employees' Retirement System of Louisiana ("system"), a cost-sharing multiple employer public employees retirement system (PERS), controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separately held assets and separate benefit provisions. Eligible employees of the St. Mary Soil and Water Conservation District are members of Plan B. In the fiscal year ended June 30, 2006, the total payroll for employees of the District was \$26,991.84.

2. CHANGES IN GENERAL FIXED ASSETS

The General Fixed Assets of the St. Mary Soil and Water Conservation District had a net decrease of \$708.95 for the year ended June 30, 2006.

LOUISIANA DEPARTMENT OF AGRICULTURE AND FORESTRY
AUDIT DIVISION

REPORT NO. 06-

4. COMPENSATION PAID TO BOARD MEMBERS

The schedule of compensation paid to the St. Mary Soil and Water Conservation District Supervisors is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. Compensation of the St. Mary Soil and Water Conservation District Supervisors is included in the general administrative expenditures of the General Fund. Members of the governing board receive compensation pursuant to Louisiana Revised Statute 3:1207.
